A. OK, let's get started.

Q: do you often brush the video of Bilibili during the epidemic? Which plates do you usually look at?

A: often. I usually go to Bilibili to see some dramas and some popular videos recommended by millions of up owners.

A: it has little influence. I think I'm a bit homesick and I don't go out very much.

Q: what do you do during your general rest during the outbreak?

A: watching some news on mobile phones and playing games is almost the same as now.

Q: OK, thank you very much.
